§ 404.2060 Transfer of accumulated benefit payments.

A representative payee who has conserved or invested benefit payments shall transfer these funds, and the interest earned from the invested funds, to either a successor payee or to us, as we will specify. § 404.2065 How does your representative payee account for the use of benefits?

Your representative payee must account for the use of your benefits. We require written reports from your representative payee at least once a year (except for certain State institutions that participate in a separate onsite review program). We may verify how your representative payee used your benefits. Your representative payee should keep records of how benefits were used in order to make accounting reports and must make those records available upon our request. If your representative payee fails to provide an annual accounting of benefits or other required reports, we may require your payee to receive your benefits in person at the local Social Security field office or a United States Government facility that we designate serving the area in which you reside. The decision to have your representative payee receive your benefits in person may be based on a variety of reasons. Some of these reasons may include the payee's history of past performance or our past difficulty in contacting the payee. We may ask your representative payee to give us the following information:

(a) Where you lived during the accounting period;

(b) Who made the decisions on how your benefits were spent or saved;

(c) How your benefit payments were used; and

20 CFR Ch. III (4–1–08 Edition)

(d) How much of your benefit payments were saved and how the savings were invested.

GENERAL PROVISIONS

§ 404.2101 General.

Section 222(d) of the Social Security Act authorizes the transfer from the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund of such sums as may be necessary to pay for the reasonable and necessary costs of vocational rehabilitation (VR) services provided certain disabled individuals entitled under section 223, 225(b), 202(d), 202(e) or 202(f) of the Social Security Act. The purpose of this provision is to make VR services more readily available to disabled individuals and ensure that savings accrue to the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund. Payment will be made for VR services provided on behalf of such an individual in cases where—

(a) The furnishing of the VR services results in the individual's completion of a continuous 9-month period of substantial gainful activity (SGA) as specified in §§ 404.2110 through 404.2111; or

(b) The individual continues to receive disability payments from us, even though his or her disability has ceased, because of his or her continued participation in an approved VR program which we have determined will increase the likelihood that he or she will not return to the disability rolls (see § 404.2112).

§ 404.2103 Definitions.

For purposes of this subpart:

Accept the beneficiary as a client for VR services means that the State VR agency determines that the individual is eligible for VR services and places the individual into an active caseload status for development of an individualized written rehabilitation program.

Act means the Social Security Act, as amended.

Alternate participants means any public or private agencies (except participating State VR agencies (see § 404.2104)), organizations, institutions, or individuals with whom the Commissioner has entered into an agreement or contract to provide VR services.

Commissioner means the Commissioner of Social Security or the Commissioner's designee.

Disability means "disability" or "blindness" as defined in sections 216(i) and 223 of the Act.

Disability beneficiary means a disabled individual who is entitled to benefits under section 223, 202(d), 202(e) or 202(f) of the act or is continuing to receive payment under section 225(b) of the Act after his or her disabling physical or mental impairments have ceased.

Medical recovery for purposes of this subpart is established when a beneficiary's disability entitlement ceases for any medical reason (other than death). The determination of medical recovery is made by the Commissioner in deciding a beneficiary's continuing entitlement to benefits.

Place the beneficiary into an extended evaluation process means that the State VR agency determines that an extended evaluation of the individual's VR potential is necessary to determine whether the individual is eligible for VR services and places the individual into an extended evaluation status.
